ISER Practitioners Symposium/ABRAVEQ
July 6th and 7th, Campinas – SP

International Symposium on Equine Reproduction
July 10th to 14th, Foz do Iguaçu- PR

About us

Almost 30 years ago, the last ISER was held in South America, in Caxambu, Brazil. Equine reproductive biotechnologies and breeding have developed and achieved a remarkable status during these years.

This meeting has been an occasion to gather Equine reproduction's greatest researchers and young students over these years, enabling discussions and bringing the prospect of new partnerships. It is a five day period where people can meet, learn and express new ideas for studies and innovation, which are so important in our field.

Besides, we have the chance to spend some nice days in a beautiful place and share quality moments getting to know each other in a different perspective, and also attend entertaining social events to make this ISER even greater.
